## Agri-Retail

### Roadside Market Parking/Lighting

#### Least Protection

1. Roadside or berm parking; no traffic flow signs; pedestrians cross road or walk in roadway; no lighting.
2. Gravel surfaced, limited pull-off parking on the side of the road; no traffic flow signs; pedestrians may cross road or walk near roadway; lighting 8-12 feet above ground.
3. No designated parking; gravel or paved surface within 20 feet of road; single ingress and egress with no traffic flow markers; parking on the same side as the market; lighting 12-16 feet above ground.
4. Designated, gravel surfaced parking at least 20 feet off road; single ingress and egress with traffic flow markers; parking on the same side as the market; lighting at least 16 feet above ground.
5. Designated, paved parking at least 20 feet off road; separate ingress and egress with traffic flow markers; parking on the same side as the market; lighting at least 16 feet above ground.
